Why should you send your drivers to attend PASS Basic Training?

- **.7 Credits of Continuing Education Units (CEU)**
- *Having professionally trained PASS Basic certified drivers can lead to potential Insurance Premium savings*
- *Expect drivers trained in correct wheelchair securement procedures will lead to lower incidents, accidents and down time.*
- *Having PASS certified drivers can set your company above your competitors when attracting customers.*
- *In person training allows drivers to practice securement techniques and ask questions before experiencing situations with actual passengers.*
- *Gives your drivers knowledge and compliance with the ADA laws.*
- *Training is more than just demonstrating the "How-to"- we want you to understand the "Why" behind what you do. People with disabilities are people first, and they rely on you and your drivers to get where they need to go.*
